[redacted] Columbine High School, was telephonically interviewed. After being advised of the identity of the Special Agent and the nature of the interview, [redacted] provided the following information:

[redacted] propped the eastern-most door to the cafeteria open so that the head cook, whom he identified as [redacted] could enter. He recalls that [redacted] he did a cursory examination of the cafeteria and at that time saw no bags or backpacks on the floor of the cafeteria.

[redacted] walk through the cafeteria at the commencement of each class period [redacted] He does not recall seeing any objects unattended on the floor of the cafeteria on any of his walk throughs that day. [redacted] said that if he did see an object it was his habit to put the item on the table so that the person who lost or left it could return and easily find it. He is quite certain that he would have noticed an odd shaped duffel bag or larger container during one of his walk throughs.

[redacted] did note however, that on April 20, 1999, a student who had been assigned community service was in the

cafeteria helping to sweep the floor and wipe down tables and may have seen something. [redacted] does not know the student's name.

[redacted] wait at the northwest corner of the kitchen until approximately 10:30 am when he would go into the kitchen and get his lunch. On April 20, 1999, he said he was waiting at the northwest corner until approximately 10:50 am, when he went into the kitchen to prepare his lunch. Around 11:15 am, [redacted]

[redacted] when a young girl came running into the cafeteria and said words to the effect of, "Someones been shot." [redacted] looked out the window and saw a student laying in the parking lot close to the soccer field.

At around that time a window on the south side of the cafeteria with a Columbine symbol etched in it was blown out by either an explosion or a bullet. [redacted] screamed, "Get down" to students around him and at that time recalls hearing sporadic gunfire. [redacted] directed students to get under tables as the gunfire increased. He noticed some students were running toward the stairs and the double doors leading to the south parking lot.

b7C  
b7D

[redacted] recalls hearing gunfire upstairs above the cafeteria and he went to the stairs that led to that area. He is not sure but thinks he went all the way to the music room located on the northeast side of the building where he saw students fleeing in all directions. He then retraced his steps back toward the cafeteria and library area. As he approached the top of the steps in front of the library leading to the cafeteria, he encountered a teacher he identified as [redacted] who said words to the effect [redacted] Dave Sanders has been shot. Call an ambulance." [redacted] thinks [redacted] also may have said that two students had been shot, but he is not sure.

[redacted] reached for his walkie-talkie and as he turned back toward the library he saw a student in a black trench coat holding a pistol and what [redacted] thought was a long barreled grenade launcher. He said the shoulder weapon was strapped across the individual's chest with the butt of the weapon on the right side of the individual's body. For a brief moment [redacted] and the subject were face-to-face and he

noticed that under the trench coat the individual appeared to be wearing a white shirt. [REDACTED] did not recognize the individual. [REDACTED] turned and ran to the landing leading to the cafeteria when he heard shooting behind him. He believed at that time the individual in the trench coat was coming down the stairs behind him.

[REDACTED] believes that around this time he saw [REDACTED] whom he believes is a social studies teacher. He, [REDACTED] were moving toward the kitchen when he heard a large explosion behind them. [REDACTED] believes it was a pipe bomb and it blew [REDACTED] down to the ground. He and [REDACTED] picked [REDACTED] up and carried him into the kitchen where they encountered a student, whom he identified as [REDACTED] plus three other unidentified students. [REDACTED] warned them back and the students went toward the storeroom area in the rear of the kitchen.

[REDACTED] huddled down behind the dishwasher table and [REDACTED] closed the door behind them. He is not sure why the gunman did not follow them into the kitchen. He does recall that several students insisted on leaving and left on their hands and knees out the western side of the kitchen toward the door that led to the west parking lot.

b7C

b7D

[REDACTED] encountered [REDACTED] and a number of other students in the northern storeroom area of the kitchen and recalls that [REDACTED] and 17 students entered the storeroom and locked themselves in. He believes the cooks were locked in their office.

[REDACTED] then left the kitchen and went back through the cafeteria to the auditorium and found the door unlocked. As he entered the auditorium he noticed several students sitting near the top of the auditorium and he saw a teacher whom he identified as [REDACTED] sitting with the students. [REDACTED] motioned the students to come to him and all the students came down to the double doors leading into the auditorium. [REDACTED] told them there was an extreme emergency and to get out as quickly as possible. He believes 50 to 80 students ran out the auditorium and down what he referred to as the business hall which leads to the eastern lower section of the school.

174A-DN-57419

Continuation of FD-302 of [REDACTED]

On 4/25/99

Page 4

[REDACTED] believes that the movement out of the auditorium drew the attention of the individual in the trench coat and as he stood at the base of the stairs he looked up and saw at least one of the individuals who was doing the shooting, coming around the corner of the stairs. [REDACTED] believes it was the same man he had seen in front of the library. [REDACTED] ran back through the cafeteria and as he ran through the cafeteria, he noticed a student lying on the floor. When he got to the end of the cafeteria [REDACTED] did not see the subject, so he went back upstairs and saw [REDACTED] near the landing of the stairs.

[REDACTED] again saw the shooter standing in front of the library and it is his recollection that as he and [REDACTED] began running down the stairs together, the shooter began firing rounds at them. [REDACTED] said that as he and [REDACTED] entered the kitchen an explosion occurred behind them and he could hear objects hitting the metal door on the serving line.

b7C  
b7D

Once he and [REDACTED] were on the ground in the kitchen, they crawled underneath a large industrial oven, but realized that hiding place was not secure. Around this time [REDACTED] heard what he described as a "whoosh" and saw fire in the vicinity of the cafeteria and the kitchen. [REDACTED] determined that he was in a "bad place" and moved further into the kitchen. He then entered the walk-in cooler and [REDACTED] went into the freezer. After approximately one minute, [REDACTED] who was carrying a radio, called [REDACTED] and told him to open the door and that he was coming in the walk-in cooler. The door opened and [REDACTED] entered the walk-in cooler.

They propped a food cart against the door and prepared several large objects to use as weapons in case the gunman opened the door. [REDACTED] kept trying to make contact with two individuals, whom he identified as [REDACTED] on his radio. [REDACTED] said that [REDACTED] answered and [REDACTED] told him they were in the cooler and to tell him when it was safe to come out. [REDACTED] recalled hearing gunshots for a long period of time while he was in the cooler, but could not tell where they were coming from. He believes he saw shadows moving around the kitchen but did not see anyone.

[redacted] believes he heard shooting for up to an hour to an hour and thirty minutes after the initial incident. He said at one point there was approximately a 20 minute interval of silence and then the shooting began again. He recalled looking at his watch at 1:50 pm, and around that time recalls hearing shooting and then he glanced at his watch at 2:25 pm, but heard nothing.

At approximately 2:35 pm, a voice on the radio told him that the SWAT Team was outside the doors and [redacted] came out of the cooler.

According to [redacted] Train #807's final destination was Washington state. It stopped in Chicago, Illinois, as well, and left there at 215pm.

Being a smoker [redacted] advised that she spent some time in the train's "smoking car" and struck up a conversation with a white female named either [redacted] (phonetic). This female was approximately 5ft/90lbs, blond shoulder length hair in a ponytail, wearing glasses and no makeup. She thought little of this contact until later.

After the train left Chicago, Illinois, she noticed a white male in the "smoking car." This male appeared was in his late teens, 6ft/180lbs, with bleached blond hair cut short. He was wearing a black "trench" coat and spoke German on occasion. He seemed to be alone and she heard him say, to no one in particular, "Someting big is going to happen."

Later on, she saw [redacted] with him. She did not know where either of these people were headed and did not know when

I knew Dylan aka Vodka on irc [redacted] ed to Blade's mom about the tragedy and she said [redacted] wasn't showing any emotion either like he was "Holding it all in", and she spoke about Dylan and Eric both and she said [redacted] was the most psychotic one of them all [redacted] I would like to remain anonymous until it is found that this information leads to any arrest's then you may call me or email me (You guys know my # and E-Mail address) outhewise just tell me it was all a spoof or just however it occurs [redacted] also said he didnt want to go public because of the Media whore's will blow it through the roof and he doesnt feel like being questioned.

Oh and one more thing, the weapons came from a local melicia in the area, [redacted] mentioned a couple but i forgot which one but it has arian/nazi ties. The reason it happened on 4/20 is because they got all the guns and amunition and explosive compounds for free to do it on that date.

And if the suspect that got arrested and fled shortly after released is [redacted] he is probably already dead (suicide).

Also [redacted] was watching me have this whole conversation so there is more than 1 witness.

Synopsis: To report information possibly connected to the shootings.

Details: On 4/26/1999 SA [REDACTED] WFO, was contacted by [REDACTED] Associate Director for Customer Service, National Technical Information Service (NTIS), regarding the Columbine High School shootings. NTIS is a branch of the Commerce Department, and is the main broker of U.S. government manuals and publications to the public.

b7c

Interview of [REDACTED] later this same day revealed that an employee who works for her as a Program Analyst, [REDACTED] had taken a phone call on 4/23/1999. The caller identified herself as [REDACTED] home phone [REDACTED] a high school teacher from Dearborn, Michigan. [REDACTED] stated that her cellular phone, number [REDACTED], had recently been stolen, and that she was calling the telephone numbers that had been dialed from the stolen phone subsequent to its theft. [REDACTED] had dialed 1-800-468-4636, which had been called from the stolen phone at 8:00 a.m. (EDT) on 4/20/1999, and was connected to NTIS. After learning who the number belonged to, and that NTIS brokers unclassified government manuals, [REDACTED] told [REDACTED] that one of the calls made from the stolen phone the same morning of the call to NTIS and the Columbine High School shootings, was made to Littleton, Colorado. While the phone call to NTIS only lasted two minutes, [REDACTED] believes that [REDACTED] told her that the call to Littleton lasted more than 30 minutes, and occurred prior to the shootings. [REDACTED] did not provide Price with the phone number in Littleton, and no further information is available at this time.

Synopsis: Information is provided regarding a web site that is affiliated with subjects of high school shootings in Littleton, Colorado on 4/20/91.

Administrative: Information is provided by [Redacted] from Oklahoma City, OK, during a telephone conversation with the duty agent (writer) on 4/21/99.

The writer immediately contacted the Littleton Colorado command post with this information on 4/21/99. SA [Redacted] was contacted at 303-626-[Redacted]

Details: On 4/21/99, [Redacted] white male, telephone number [Redacted] telephonically contacted the duty agent at the Oklahoma City Division of the FBI in Oklahoma City. He provided the following information in reference to the high school shootings that occurred in Littleton, CO, on 4/20/99.

He stated his son found an 'underground' web site on the Internet that he believed was being used by a group across the nation which was affiliated with the subjects responsible for the shootings in Littleton, CO. The web site was found at:  
www.d0x.com;

174A-DN-57419-37 *gag*

To: Denver From Oklahoma City  
Re: 4-DN-57405, 04/21/1999

the domain name was registered through Internic to:  
[redacted] (which his son indicated is a 'hacker' name) &  
[redacted] (also a 'hacker' name),  
POB 292122,  
Fort Lauderdale, FL 33329,  
[redacted]

the domain name had an IP address of:  
239.146.207.33 and,  
209.15.2.2;

b7C

[redacted] stated his son observed numerous gruesome images on the web site including a photo of a dead body with a weapon beside it. He also found a WORD version 8 document which he could only read portions of the document due to the fact that it was either encrypted or was not compatible with his version of software. He believed this document may have useful information in it and has saved a copy at the writer's request in the event it is taken off the web site. Portions of the readable text from the document provided what appeared to be bomb making instructions (which he believed were excerpts from the "Anarchist Cook Book" published on the Internet). Also legible in the document was the statement:

"I did not try this on the DELTA batch, am sure they won't be used until NBK ...";

[redacted] believed this was possibly another event yet to take place by the group. His son suspected the initials NBK may have been an acronym for some German Holiday, although he stated that was pure speculation. He had heard on the Internet that the date of the shooting was 'Hitler's' birthday and was focusing on special dates in German history.

b7C

They also found a name on the web site which they reasoned, based on name recognition only, that may be a relative or alias for one of the subjects in the shooting. The name with an associated address was:

WAYNE N. HARRIS,  
[redacted]  
Littleton, CO 80128  
[redacted]

[redacted] stated someone involved in maintaining the web site was updating it hourly. He observed a message on the site prior to noticing the changes every hour that stated:

"Bring your guns to school today, 4/21/99";  
he also observed photographs of the two subjects from the shooting in Littleton which had captions above them:

"These are our comrades ...";

The above information was immediately forwarded telephonically by the duty agent to the Littleton Command Post,

To: Denver From Oklahoma City  
Re: 4-DN-57405, 04/21/1999

SA  stated he had also contacted the  
Jefferson County Sheriff's Department with this information.

by SA [redacted]

FEDERAL BUREAU OF INVESTIGATION

Date of transcription 04/28/1999

On April 27, 1999, [redacted]

[redacted] was interviewed at his residence in the presence of his father, [redacted]

After advisement of the identity of the interviewing agent and the nature of the interview, he provided the following information:

[redacted] at Columbine High School. He normally eats lunch during fourth period, which he has free, and at the end of the period at 11:10, he and his friends normally go outside. On April 20, 1999, just prior to the 11:15 bell, he and his friends [redacted] [Last Name Unknown] were sitting at a table inside the cafeteria near the south window, which faces a parking lot.

[redacted] saw Dylan Klebold walk into the southwest entrance to the cafeteria from the parking lot. He was dressed all in black, with black trousers, black shirt, black boots, a black trenchcoat and a black Colorado Avalanche hat worn backwards, which had a Boston Red Sox emblem sewn on it. [redacted] does not recall Klebold carrying anything, and saw him walk over to the vending machines in the cafeteria.

b7C  
b7D

According to [redacted] during lunch, Klebold and Eric Harris would normally sit in Klebold's BMW in the parking lot on the south side of the cafeteria and watch people. [redacted] only knows Klebold and Harris by sight.

After the 11:15 bell, [redacted] and his friends walked out of the southwest exit of the cafeteria, towards the soccer field. He heard a sound which sounded like fireworks, similar to a string of Blackcat firecrackers going off. [redacted] indicated that prior to April 20, 1999, he had never heard gunfire]. About 50 yards away, outside on the west side of the cafeteria, he saw a tall white male, dressed all in black, with a black trenchcoat, and what he thinks was a black hat and dark sunglasses. At the time, he did not recognize this person, but thought it might be [redacted] a member of the Trenchcoat Mafia who is about the same height and build.

Continuation of FD-302 of [REDACTED]

On 04/27/1999, Page 2

[REDACTED] saw this person shoot at three students near the southwest corner of the cafeteria with what he thinks was a shotgun, based upon the loud noise and the slower rate of fire. This shooter then pointed the shotgun at [REDACTED] and his friends and fired four or five shots at them. [REDACTED] and his friends fell to the ground and covered their heads. When [REDACTED] looked up, he saw the gunman walking towards the southwest cafeteria entrance.

[REDACTED] also saw a white male dressed in a white short-sleeved tee shirt and blue jeans, kneeling with his back to him near the northwest corner of the cafeteria. He did not recognize this person, and since his back was to him, could only tell he had either light brown or blond hair. This person had no weapon nor other gear visible.

[REDACTED] saw this person throw an object one-handed on top of the cafeteria/library roof. It appeared metallic with sunlight glinting off of it, and one to two seconds after landing it exploded with a loud bang, a flash of fire and a pall of smoke.

b7C

b7D

While he observed the person in the black trenchcoat shooting outside and the person in the white tee shirt throwing the explosive device, he also heard very rapid gunfire coming from somewhere within the school. [REDACTED] was unable to see who was doing this shooting or tell exactly from where in the school it was coming from.

After this person threw the bomb, [REDACTED] and his friends got up and ran to a nearby house on Teller Court, where [REDACTED] called his father to let him know he was safe. [REDACTED] indicated he noted the time of the call as 11:20 a.m.

[REDACTED] knows two members of the Trenchcoat mafia, [REDACTED] a former Columbine student who graduated last year, and [REDACTED]

He spoke with [REDACTED] once about the sport of paint ball, which they both play. [REDACTED] indicated [REDACTED] normally sits by himself at a table on the south side of the cafeteria near the window, but cannot recall if he saw him in the cafeteria on April 20, 1999.
